

# AAA SCHOOL SAFETY PATROL

## ROLE PLAYING SCENARIOS FOR PATROL TRAINING

---

1. If you overhear one of your fellow Patrollers being a bit bossy and loud while telling another student to "GET BACK IN LINE!"; how would you react to the Patroller? Would you say anything or let it go?
2. If you are a bus sign Patroller and notice an unfamiliar first-grade student getting on your bus, what would you say to that student?
3. While helping daycare students during dismissal on Monday, Joe gets loud, out of line, and won't keep his hands to himself. After giving him a gentle reminder that day, the same behavior occurs on Tuesday. How would you handle the situation?
4. Your Patrol post is located at a very busy hallway. Mary, a 4th grader, runs down the hall to get to her classroom. What would you say and how would you react to her?

Now you see your best friend Susan running to class. Would you report her to the teacher? If not, how would you handle the situation?

5. A kindergarten student is injured falling down. What is the first thing that you should do?
6. You see a 5th grader bullying a 4th grader. Would you try to intervene or report it immediately?
7. If you are a bus Patroller and witness a younger student throwing things out the window, what would you say to him/her? Would you let the bus driver know?
