

ADVISORS

How to Utilize This Lesson for Patrollers:

This file will print as 5"x8" and can be glued to index cards. Punch a hole in the corner and use a split ring, brad fastener, etc. to create an easy, portable, flip chart. This year's Patroller lessons will be created in the 5"x8" size so content can be added and used as a reminder throughout the year.

What is a
**SAFETY
HAZARD**

Safety Hazard: something that could be dangerous to you and others.

EXAMPLE of a safety hazard:

1. Water spill on the floor
2. Bees nest on playground
3. A fight between students
4. A student comment that suggests endangering others
5. A student exposed to a known allergen

List examples of safety hazards you may encounter while on duty:

- 1.
- 2.
- 3.
- 4.
- 5.

What to do when you identify a safety hazard:

- Find the nearest trusted adult and alert them of the hazard.
- If the hazard requires you to stay where you are to ensure the safety of others, choose a nearby student and instruct them to find a trusted adult or staff member.
