Registration Checklist:

- Workshop Registration Form
- VA Instructor Agreement *(if applicable)*
- 3-year Motor Vehicle Driving Record
- Workshop Fee Schedule
- Payment in full made via Driver Services representative or Online

Please Note:

Certification students will be sent a copy of the AAA 'How to Drive: The Beginning Driver's Manual' and your pre-reading assignment in advance of the workshop. Completing your pre-reading prior to attending the workshop will help you get familiar with the course content in advance and alleviate some of the stress of having to study for the final exams in just two nights. The cost of this book is included in the certification workshop fee and is not refundable should you cancel your attendance.

What to Expect:

During this workshop, your Lead Instructor will review the AAA Driver Improvement Program in detail, review support materials, required state content and class activities – and help lay the foundation you will need in order to successfully facilitate the program. We will be covering a lot of information in a short period of time – focusing on what's important and what you need to know to be successful in your role. It will be your responsibility to study and ensure you are not only familiar with the written materials, but also know, understand, and are able to effectively communicate concepts and information when appropriate.
